MEMORANDUM FOR: [redacted]  
Office of Planning, Programming and  
Budgeting

1. Herewith is a memorandum from [redacted] concerning participation in the review of CIA programs. I have asked [redacted] to follow the CIP and examine it very closely from the point of view of possible overlaps, etc., with CIA programs. It seems to me that this is an area which warrants fairly serious attention in the future, both from the point of view of rationalizing the analytical and estimating activities performed by DIA or under DIA jurisdiction with those of CIA, and also from the point of view of providing guidance and coordination to so-called humint activity.

2. Can [redacted] perhaps talk the problem over with [redacted] or whomever designated, and decide on arranging the best way of affording DCI participation, comparable to DCI participation in the CIP.

3. [redacted] is probably right in suggesting, as things are now written, CIA Planning Goal No. 1 is pretty much what the DCI is supposed to do. \*
